

Happiness

The wind blows freely, nice and cold
The leaves are crunchy beneath my toes
The sun is low, the sky so bright
The squirrels call, the breeze is light

**Happiness is clear
The day drifts by in cloudy rays
I smile fall is here
A perfect time a perfect place
I see the lake is near
When I close my eyes
Happiness is clear
Happiness is clear**

The leaf's crinkle, brown and yellow
Laid back in the grass feeling mellow
With every lead, my heart feels free
The central park is where i love to be

**Happiness is clear
The day drifts by in cloudy rays
I smile fall is here
A perfect time a perfect place
I see the lake is near
When I close my eyes
Happiness is clear
Happiness is clear**

**Happiness is clear
The day drifts by in cloudy rays
I smile fall is here
A perfect time a perfect place
I see the lake is near
When I close my eyes
Happiness is clear
Happiness is clear**
