

# My Red Maple Tree

Right before Fall I go to the woods  
To my red maple tree with lots of goods  
There is a picnic in the night  
The first day of Autumn at midnight

My friends and family gather with me  
Under my very own red maple tree  
Autumn is here with lots of glee  
That is what it means to me

On my way home they're in the woods  
I say goodbye to the red maple wood  
The leaves are falling every which way  
Fall is here as I walk away

Next year I'll go to the woods  
With my family and lots of goods  
We'll have a picknick in the night  
The first day of Autumn at midnight
